Students Helping Students

The 100 Tables Project is a project at Creekside Middle School that was started by Mrs. Draper. The purpose of this project is to allow the opportunity for students to learn about community service and getting involved in helping those in need. We are doing this through the production and sale of tables. With the help of student volunteers, we are refurbishing tables with supplies that were donated by local individuals and businesses.

WHY

**All proceeds of our sales go
to families in need within our
community.**

*Within our first year, we
have raised \$5,000 towards
our goal of \$10,000.*
